

NYRx Education & Outreach Hemophilia Newsletter

January 2026

[Welcome](#) | [Highlights](#) | [About Us](#) | [Helpful Links](#) | [Calendar Links](#) | [Resources](#) | [Contact Us](#)

Welcome!

In this issue, you'll find trending topics, information about the NYRx Education & Outreach team, helpful links, calendar events, links to resources, and how to contact us.

Highlights

Medicaid Coverage of Hemophilia Medications

New York State Medicaid-enrolled pharmacy providers supplying clotting factor to members should bill NYRx, the Medicaid pharmacy program for clotting factor. Hemophilia Treatment Centers (HTCs) supplying clotting factor to members for inpatient and non-inpatient settings, including the home, should bill directly to the Medicaid Managed Care (MMC) plan or their subcontractor. Clotting factor is defined as all FDA-approved human plasma-derived clotting factors and recombinant clotting factors.

Biologic agents such as Hemlibra, DDAVP or Desmopressin Acetate, Aminocaproic Acid, Roctavian, or Hemgenix for use in inpatient and non-inpatient settings, including the home, can be billed to MCO under the medical benefit or to NYRx, the Medicaid Pharmacy Program, as a pharmacy benefit.

About Us

The NYRx Education & Outreach team serves as a liaison between all stakeholders and NYRx to support care coordination. Clinical liaisons are trained to support and help solve complex pharmacy cases for:

- Managed Care Plans
- Case workers and NYS agencies
- Prescribers and pharmacies with questions regarding NYRx drug coverage, prior approval requirements, and NYRx enrolled pharmacies
- Complex care coordination for populations such as HIV/AIDS, Hemophilia, Foster Care Children, Serious Mental Illness, Substance Use Disorder, and Hepatitis C
