The NYS Medicaid Managed Care Pharmacy Benefit Information Center has been updated to include information about the Behavioral Health Transition.

From the HOMEPAGE you can select a specific plan and several helpful links are available to the plans website. For the plans that are now providing the Behavioral Health Benefit there is a link to specific information on how the plan is providing coverage of the benefit.

General Pharmacy Benefit Information
Medicaid Covered Drugs

Behavioral Health Transition
Drug Look-Up

This site also provides a "drug look-up" option, and functionality to view coverage for selected therapeutic classes; e.g., Atypical Antipsychotics, Smoking Cessation Agents and Drugs to Treat Chemical Dependence.

From the DRUG LOOK-UP page select the Mental Health Quicklist tab to find the recently added Injectable Antipsychotics list.
Select the **Therapeutic Classes, Other** tab and find the recently added Smoking Cessation and Drugs to Treat Chemical Dependence lists.

Once you select a drug list to view there is additional information below the list about the transition as well as a link to the FAQ page.
